COURT ASKED TO MODIFY DECREE

Roads of the Merger Want to Disburse Dividends to Stockholders.

SAY HARDSHIPS IMPEND

Under Order of Court of Appeals Dividends Cannot be Distributed.

St. Paul, Minn., April 17.—Circuit Judge Sanborn this afternoon set Monday, April 20, as a time for hearing arguments on a request by attorneys for the Northern Securities company that the decree recently handed down be suspended in so far as it prevented the payment by the Great Northern and Northern Pacific railways of dividends to the Northern Securities company since these dividends were ultimately to reach the same people anyway.

Judge George B. Young appeared for President Hill, M. D. Grover for the Great Northern railway and General Counsel Bunn for the Northern Pacific railroad. Under instructions from Attorney General Knox, District Attorney C. C. Caupt appeared to oppose any motion for a modification of the decree. The attorneys for the railroads explained that the regular dividend day had nearly arrived, but that under the decree it was impossible for the railway companies to close their books and pay any dividend, a matter affecting something like 1,900 individuals, many of them dependent on those dividends for the necessities of life. No modification of the decree was asked, all such matters being left for the formal appeal which was sure to come in the course of time. Judge Sanborn preferred that the whole matter be left over until all four circuit court judges could hear it, which would be on May 4, but owing to the urgency of the matter on which a suspension was desired, finally agreed to hear and decide as to the requested suspension on next Monday morning.

District Attorney Caupt said he would present the case to Attorney General Knox in the meantime and learn his wishes.

The attorneys for the Northern Securities company and for the two railways said they only wished permission to pay the regular dividends, which is impossible under the understanding of the decree of the court.

Before the case can be finally passed by the supreme court over $14,000,000 would be paid in dividends in case this part of the decree could be suspended, but otherwise the sum would be tied up and the people to whom it was properly due could not receive it.

BALL PLAYER SAVES BOY FROM DROWING

William Hopke Rescues Monroe Gordon From Waters of the St. Mary's

Monroe Gordon, a lad of about 10, living with his parents on East Columbia street, was saved from death by drowning at noon tolay by the prompt and intelligent efforts of William Hopke, of the Fort Wayne ball team, who rescued him from the depths of the St. Mary's river right back of the ball park.

Young Gordon, with another lad of about his age, whose name was not learned, was strolling along the river bank when some floating object in the river close to him attracted his attention. The river at the point is almost bank-full and very deep. The lad thought he could reach the floating thing, whatever it was, and stooped down to do so. He lost his balance and toppled in. His companion gave a cry, which was augmented by cries from the submerged one, and these reached the ears of Hopke, who happened to be inside the park enclosure close to the northwest corner of the fence. He ran to an opening and saw what had happened and immediately squeezed himself through and ran down to the water's edge. He saw the boy disappearing and hastily throwing off his coat plunged in and soon succeeded in getting the boy to shore, being an expert swimmer. The boy, it appears, had managed to keep himself afloat until just at the time when Hopke appeared, when his strength failed him and he sank for the first time. He was badly frightened, but soon recovered and with his companion left for his home and to inquiries only could tell his name, but was so excited that he could not remember his father's name nor his precise address. Hopke, who was wetter even than the boy, went at once to his room to change his clothing and to the congratulations of those who were attracted to the scene modestly said that the incident was of no consequence and that he was only happy that he was providentially present to avert a casualty.

A DOUBLE ANNIVERSARY.

Mrs. Henry Breimeyer, of 809 West Jefferson street, is today celebrating the seventy-first anniversary of her birth, and the occasion is a double anniversary, for it was forty-seven years ago today that Mr. and Mrs. Breimeyer were married. They have been residents of this city for the past thirty-five years, are well known and highly esteemed. Both still enjoy good health for persons of their advanced years.

MARTIN BLUM CRITICALLY ILL.

Martin Blum, sr., of St. Joseph townshpi, one of the pioneer residents of Allen county, is critically ill, and relatives in the city were hastily summoned to his bedside today. Mr. Blum is 79 years old. It was believed this morning, that he could hardly survive the day.

BOARD CONFERS WITH OWNERS OF BUILDINGS

Condemnation of East Columbia Street Shacks Taken Under Advisement.

The board of works met last evening in regular session and had a long inning with L. P. Stapleford regarding the proposed condemnation of the frame buildings at and about the corner of Lafayette and Columbia streets. A number of residents in the vicinity were present and testified that the buildings were unsightly and a menace to surrounding property as well as being dangerous to life in case of fire. Breen & Morris represented Mr. Stapleford in his contention that the buildings are not nearly so bad as represented by some of the witnesses. There was quite a bit of good-natured repartee between Mr. Stapleford and some of the witnesses. When it was stated that the tenants of the buildings were mostly disreputable Mr. Stapleford retorted that the only disreputable tenants he ever had were city employes whom he promptly ejected as soon as he found it out. The discussion lasted an hour or two and terminated by the board saying that they would take the matter under advisement.

The proposed vacation of the short alley between Webster and Ewing streets, running from Lewis to Jefferson, was again taken up for the 'steenth time and there was a large lobby for and against the proposition. The board postponed action indefinitely.

Some other minor routine matters were disposed of and plans were ordered for a sewer in the alley west of Oakley street, from Poplar street to DeWald street, and in the alley between Poplar and DeWald, from the alley west of Oakley street to Fox avenue; also for a sewer in the alley south of Huffman street, from Short street to the first alley west of Wells street.

Mayor Berghoff has returned from a business visit to Chicago, where he attended the annual meeting of the Koenig Medicine company of wifich he is the president.

E. J. Pauley has been granted a permit to build a residence on Dawson street at a cost of $1,600.

DIRECTORS DISCUSSED PLANS.

Henry C. Paul, who returned last evening from Philadelphia, where he attended a meeting of the directors of the Fort Wayne Traction company, says there were no developments of public interest in the session. The directors devoted much time to the considerations of extensions, financial matters, etc., but Mr. Paul says there is nothing new in the situation with reference to interurban matters.

Hon. S. B. Fleming, who also attended the meeting, continued eastward to New York to attend a meeting of the directors of the United Boxboard and Paper company.

AUBURN MAN BUYS IT.

B. F. Barva, acting as agent for the owner, last evening sold the Salem Bashara building at the southeast corner of Columbia and Barr streets to Frank J. Ashley, of Auburn, for a consideration of $6,400 cash. The building is a three-story brick structure, the first floor at present occupied as a saloon. Mr. Ashley made the purchase, it is understood, as an investment.

GAS MAGNATES COMING IN MAY

To Investigate and Discuss Fuel Supply Situation in Fort Wayne

MAY MAKE PROPOSITION

In Response to Mayor Berghoff's Recent Inquiry—Mr. Paul Returns Home.

Eastern directors of the Fort Wayne Gas company, including President Charles F. Dieterich, of New York, will make a trip to this city within the next few weeks to take up a consideration of the fuel supply situation. This is the announcement given to The Sentinel today by Henry C. Paul, assistant to President Dieterich, who returned last evening from an eastern trip.

While Mr. Paul declined to say as much, it may be safely inferred that the company will at that time have something in the way of a proposition, or at least a suggestion, to submit as a means toward the solution of the natural gas supply problem. The nature and terms of this proposition are, of course, yet to be developed, and much will no doubt depend upon findings at the personal investigation which the directors will make in going carefully over the entire ground of the situation. Personal opinions of President Dieterich and his associates heretofore, however, have leaned strongly toward a universal use of meters and an auxiliary gas supply of manufactured gas to augment the natural pressure.

The recent meeting in the east was the result of the recent letter from Mayor Berghoff to Mr. Paul, in which the mayor referred to the gas situation during the past winter and asked if the company had any suggestion or proposition to offer that might aid in solving the problem of a fuel gas supply for the city. At the New York meeting a few days ago it was agreed that the directors would make a trip westward to take up the matter as soon as possible. This trip will be made in May.

WILL REMOVE THE CAST.

Prof. A. B. Crowe, of the high school, this afternoon left for Chicago in company with his little daughter, Mary, and tomorrow morning the plaster cast in which the child's limb has been encased for the past six months will be removed. Dr. Lorenz, the famous Vienna surgeon, operated on the little girl for congenital dislocation of the hip joint by the "bloodless method" at Mercy hospital in Chicago last November, placing the limb in a plaster cast. The cast will be removed tomorrow by Dr. Moeller, Dr. Lorenz's assistant. The result will be awaited with much interest by Fort Wayne physicians. Dr. Lorenz is now in Chicago and Thursday afternoon removed the plaster cast from the hip of little Lolita Armour, daughter of Mr. and Mrs. J. Ogden Armour, to treat whom Dr. Lorenz in the first place came to America. The operation on the little Armour girl was found to have been altogether a success and she is completely cured.

STREET CAVED IN.

Water leaking from a defective drain pipe undermined the street at the intersection of Williams and Webster streets and a cave-in occurred this morning, a section of the pavement about five feet square sinking about three feet. The brick drain pipe at this point was found to be in bad condition and is being replaced with new brick.

CHECK IS DECLARED TO BE A FORGERY

Paper for $100 Worked on Local Business Man by Traveling Salesman.

Some days ago a traveling man who is known to the trade in this city, E. G. Smith by name, and for a number of years representing Richmond Bros., paint dealers, of Cincinnati, was in the city and found himself short of funds. He accordingly went to one of his old customers, with whom he had been dealing for a long time, and presented a check which he asked to have cashed. The check was made payable to Smith, was drawn on the Hibernian bank, of Chicago, and was ostensibly signed by Richmond Bros. The tradesman, knowing the reliability of the firm and knowing that Smith was, or had been their representative, did not hesitate to cash the paper, which he deposited in the course of business with the Citizens' Trust company, where he carries his regular account.

A day or two since the trust company had the check returned with the information that it was a forgery and the trusting depositor was so informed. Since then it has developed that Smith has not been in the employ of the firm of Richmond Bros. for some time, and also that his operations in checks were not confined to Fort Wayne, but that he had other paper afloat.

The matter was turned over to the Fort Wayne police department and Detective Coling, who has the check, has been working on the proposition for several days, keeping the fact closely guarded under his hat. The local dealer does not care to be known in the matter at present, because he dislikes the notoriety of being classed as an "easy man," and the trust company also is not in the habit of cashing checks promiscuously. This check was cashed on the endorsement of the Fort Wayne man who deposited it without any regard to the endorsement of Mr. Smith, in whose favor it was drawn and who endorsed it over to his friend. As the case now stands, the confiding dealer is out just one hundred plunks.

WAS FORMER NINTH WARD COUNCILMAN

Death Claims Henry Stoll, Sr., Well Known Citizen—Other Mortuary Matters.

Henry Stoll, sr., a widely known Fort Wayne citizen and for half a century identified with affairs in this city, died at 10 o'clock Thursday evening at his home, 224 East Second street. Mr. Stoll was sixty-

Former Ninth ward councilman, who died Thursday evening.

three years of age and his death was due to chronic Bright's disease. For five years Mr. Stoll had been in failing health and during the past three weeks he had been confined to his bed.

He was born in Echzal, Hesse-Darmstadt, Germany, February 22, 1840, and came with his parents to America at the age of six years, landing at Buffalo, N. Y. The family traveled thence by canal to Youngstown, Ohio, and continued westward to New Haven, this county, arriving the same year. After two years' residence in New Haven they came to Fort Wayne, where more than fifty years of Mr. Stoll's life were spent.

Mr. Stoll's earliest employment here was as a teamster for Charles Pape, who then conducted a sawmill, and finally the young man branched out into a contracting teamster upon his own account. He was industrious, frugal and upright and accumulated a competence which enabled him to spend his last years in modest ease and retirement. During the administration of Postmaster Rockhill Mr. Stoll was assistant janitor at the government building.

Mr. Stoll was united in marriage April 6, 1861, to Miss Eliza Schuck, whose death occurred in 1895. They were the parents of ten children, five of whom are living. The children are Capt. Henry Stoll, of the Pennsylvania railroad police department; Jacob Stoll, Mrs. William Grage, Mrs. William Dell and Mrs. Christian Henlein, all of this city. Mr. Stoll's father died in 1894, at the age of eighty-three years.

During the administration of Mayor Randall, in 1873, Mr. Stoll was elected to the city council from the Ninth ward and was re-elected in 1874, representing his constituents with marked fidelity and ability. He was very widely known and enjoyed the respect and esteem of all. Mr. Stoll was a member of Salem Reformed church and a prominent member of that congregation.

The funeral services will be held Sunday afternoon at 2 o'clock from

SERIOUS MISHAP TO SHAMROCK III.

Mast and Rigging of the New Challenger Carried Away in a Squall

ONE OF CREW IS KILLED

Sir Thomas Lipton Slightly Hurt—May Delay Plans for the Races

Weymouth, England, April 17.—Sir Thomas Lipton's new challenger for the America's cup was dismasted in a squall today, shortly after leaving this harbor preparatory to another trial spin with the Shamrock I. Her mast, as it fell over the side, carried several of the crew and all the gear and canvas overboard. One man was drowned and several persons, including Sir Thomas, who was knocked down a hatchway, were bruised or otherwise injured. The man who was drowned was a brother-in-law of Captain Wringe. He was handing a binocular glass to Sir Thomas at the time he was swept overboard.

One of Sir Thomas' hands was injured, but not seriously.

The yachts were maneuvering in the roadstead under mainsails, jibs, foresails and gaff topsails prior to the start. A strong northeast breeze was blowing, but there was nothing in the nature of a gale. The boats seemed to carry their racing sails well as they fetched out from the shelter of the breakwater, the Shamrock III. leading on a tack out seaward, apparently with the intention of testing the strength of the wind outside. The breeze had just weight enough to keep her lee rail tipping.

Before the start Sir Thomas Lipton, Ratsey, the sailmaker, and Col. Sherman Crawford, vice commodore of the Royal Ulster Yacht club, boarded the challenger, which made a magnificent picture as, under her cloud of canvas, she drove past Nothe head. The Erin had taken up a position to send the boats away, round a triangular course, and everything seemed to promise a fine race. The Shamrock III. then made a short board on the port tack, dragging through a heavy squall with her lee decks awash.

SUDDENLY DISMANTLED.

At about 10:40 a. m., when nearly a mile off shore, she went about on the starboard tack to stand up to cross the line, when a sudden gust of wind sweeping out of Weymouth bay struck the yacht and completely dismantled her. The weather rigging screws of her main shrouds gave way and her mast carried away close to the deck, and with it went her spars, sails and gearing in a confused mass of wreckage. The yacht's decks were crowded with Sir Thomas Lipton's guests, officers and men, and it seemed impossible that the disaster was not attended by serious loss of life. Deprived of its chief support, the immense steel tubular mast swayed for a fraction of a second and went overboard, creating general havoc as it fell.

So sudden was the calamity that the yacht lay wrecked and helpless before those on board of her well realized what had happened. Fortunately, most of the tremendous weight of the gear fell clear of the deck, as otherwise the disaster must have been multiplied ten-fold. As it was only one life was lost, that of a member of the crew named Collier, a brother-in-law of Captain Wringe. Collier, at the moment of the accident, was handing a binocular glass to Sir Thomas Lipton and still had the glass in his hand when he was struck by some of the tumbling gear and knocked overboard. The rattle of blocks and wire ropes on the metal deck of the boat drowned all other sounds for a time.

SEARCH FOR LOST MAN.

The lull which followed was broken by a sharp order from Captain Wringe to get away a boat. The captain's self-possession spurred the crew to instant action and a boat was shot overboard, manned and started to search for Collier. Boats were also dropped from the Shamrock I. and Erin and in a couple of minutes these were all heading for the scene of the accident. Collier, however, never reappeared. A number of others were injured by falling gear, but none was seriously hurt. Sir Thomas was knocked down a hatchway and one of his hands was injured, but not seriously.

The hull of the Shamrock was not damaged. The mast, when it went overboard, went solid. There was at that time only one break, which was about seven feet above the deck. As the big spar, with its weight of canvas, became heavier owing to the water in it, the mast again buckled its head, going down till it rested on the bottom. It is believed it will be comparatively easy to repair the mast, but a whole suit of canvas is irretrievably ruined.

Barges with a crane were soon on the spot to raise the broken mast, after which the Shamrock III. will be taken to her moorings inside the breakwater.

2—SHAMROCK INJURED uoc

LIPTON'S NARROW ESCAPE.

Sir Thomas had a narrow escape. He was thrown down the hatchway with a sailor and fell with such force as to break the board flooring covering the tank.

Clearing away the wreckage was quite a difficult task, owing to the nature of the spars and gear. The Erin passed a line to the wrecked boat and stood by her to give all the aid necessary. Sir Thomas, who was extremely distressed by the fatality and the injury to the yacht, said in an interview that the accident occurred absolutely without warning and much quicker than when the Shamrock I. was similarly dismantled in the Solent.

HOPES TO BE ON TIME.

"The whole thing," said Sir Thomas to the correspondent of the Associated Press, "was so sudden that I have not yet had time to realize the full extent of the damage.

REPORT OF BOARD OF STATE CHARITIES

Management of State School and the County Orphans' Home Much Commended

The annual report of the Indiana board of state charities, of which William P. Cooper, of this city, is a member, has just been issued. The report is of unusual interest. It shows two striking things—that Indiana has some of the best and some of the worst public institutions in the country. The state institutions, in which are included the reformatory institutions, insane hospitals, the home for feeble-minded, and the like are commended generally for the character of their administration, though in most cases want of room, need of more modern buildings and other improvements necessary but absent are noted. The jail and poor house systems of the state as usual come in for the customary though well deserved share of criticism. According to the report some of the jails are a disgrace to the state and some of the poorhouses worse. The confinement of criminal insane in the penitentiary is scathingly denounced.

A high and well-merited tribute is paid to the Allen county orphans' home, concerning which this impressive observation is made in the report: "In the county orphans' home there exists among the children a decided aversion to leave the institution, scarcely a child ever willingly indicating that he would like a home in a family. This spirit seems stronger this year than ever."

At the state school for feeble-minded the most notable improvement mentioned is the completion of the custodial home for feeble-minded women. The management of the institution is commended and it is noted that the school is much improved over last year.

The following paragraph from the report is of special interest:

"The National Association of Medical Officers of American Institutions for Idiotic and Feeble-Minded was held at this school May 26th and 27th last, under the presidency of Dr. F. W. Keating, superintendent of the Maryland school. After listening carefully to the papers read and the discussions had, and talking with the officers present, one could not help being impressed by two things—one that these institutions are not looked upon as hospitals as they once were, but more and more each year they are becoming recognized as schools for the training of the defectives, the same as the schools for the deaf, the blind and the reform schools. The need is for persons at the head of these institutions to be specially trained, so that they may become what they should be—educational institutions. The other, that Indiana's institution stands second to none. Every superintendent, both publicly and privately, expressed his admiration for the Indiana school. In private conversation with some of the leading workers, two sentiments seemed to prevail. One was that Indiana takes a front rank in this work; the other, that, while others were thinking about doing some of the advanced work, Mr. Johnson had done it. This is very gratifying. Almost all of the superintendents went from Fort Wayne to the National Conference of Charities and Correction at Detroit, and there we heard many words of commendation for Mr. Johnson and the Indiana school."

DECLARE HOME RULE MUST COME

Irish Convention Goes on Record Demanding Self-Government

RESOLUTION IS ADOPTED

Portly Mr. Flynn Whose Girth Caused Laughter, Won With His Eloquence.

Dublin, April 17.—The national convention called by the United Irish League to consider the new land bill, which assembled here yesterday, reconvened early today in the round room of the mansion house in this city. There was a smaller attendance.

In view of a misunderstanding in the case of certain English papers, John Redmond, the chairman, introduced a strong home rule resolution, declaring that the Irish nation would never be satisfied until it obtained a full measure of self-government. "No substitute," said Mr. Redmond, "can or will be accepted."

Michael Davitt briefly seconded the resolution, saying Irishmen would be neglecting their sacred duty to the cause if they did not send such a message throughout the world.

Mr. Redmond's resolution was carried by acclamation.

William O'Brien then proceeded to explain the various suggested amendments to the land bill.

An amendment of Mr. O'Brien providing for extending financial assistance to the evicted tenants was welcomed, but many of the delegates wished it to go further.

HELD THEM SPELLBOUND.

Patrick Flynn, of the Cork branch of the United Irish League, a man of great girth, with a shillelah in one hand and a broad-brimmed hat in the other, then mounted the platform. His appearance created laughter.

"I did not," said Mr. Flynn, "travel 150 miles to be laughed at."

A few seconds later Mr. Flynn held the convention spellbound by the extraordinary eloquence with which he insisted that the present occupiers of holdings which formerly belonged to evicted peasants should themselves be evicted.

This peasant orator worked up a storm against "grabbers," but Mr. O'Brien's more moderate counsels prevailed.

Throughout the morning peasant speakers discussed the details of the bill with intelligent rhetoric.

Mr O'Brien's suggestions as a rule were passed without a division.

John Redmond and Lord Dunraven had an informal meeting this morning and decided to postpone the sitting of the landlords' and tenants' conference, which will probably be held in London next week.

ODD FELLOWS WILL OBSERVE ANNIVERSARY

Deputy Grand Master Johnson to Address Fort Wayne Lodges on Sunday.

Fort Wayne Odd Fellows will unite next Sunday in a celebration of the eighty-fourth anniversary of the founding of that fraternity in America and the exercises are to be held at Plymouth Congregational church Sunday morning at 10:30 o'clock.

Alexander Johnson, of this city, who is deputy grand master of the state, will deliver the address, and the occasion will also partake of the nature of a memorial for members who have died during the past year.

Three lodges will participate in the service—Fort Wayne lodge No. 14, Harmony lodge No. 19, and Concordia lodge No. 228, the latter the German lodge of the city. The members of each lodge will meet at their respective lodge rooms, then march to the Fort Wayne lodge room and proceed from thence in a body to Plymouth church.

RECEPTION TONIGHT.

This evening at the court house assembly room the Allen County Homeopathic Medical society will give its second annual public reception and a large number of eminent medical practitioners have arrived in the city to attend. There will be a number of addresses by some of the most distinguished exponents of the homeopathic school of medicine, and following the exercises the society will banquet at the Wayne hotel.

Hubert Berghoff is at Pittsburg attending a brewers' convention.

MONEY GONE AFTER NIGHT IN A RESORT

George Montgomery Goes to Jail and Lady Friend is Fined—Police.

Man that is born of woman is of few days and full of trouble; sometimes he goes up like a rocket and comes down like a stick. To all of which saying George Montgomery, now doing a stunt for sixteen days at the county jail, can emphatically subscribe. George has been in town but a few days, but has collected a large stock of experience. This morning at 5 o'clock the wagon was called to Pearl Thompson's resort, where Montgomery was raising a disturbance, and he and his companion, Miss Jessie Stinnett, an inmate, were carted to jail. This morning the man was sent over for twenty-one days for association and Jessie paid $16 to regain her liberty after being fined and locked up for an hour for being an inmate of a house of ill-fame. Montgomery's story as told to the judge is probably the most succinct history of the trouble. He says that he came in just a few days ago and met a friend who is a musician and a composer. His friend wanted him to hear his latest composition and so the two went to the Thompson studio to rehearse. Montgomery got sleepy and concluded to retire and this morning when he woke up he found that he was shy his roll, which contained about $20 after paying $5 for lodging. He naturally commenced to paw up the earth when he found his money missing and accused Jessie of having swiped it, which accusation she indignantly denied. Montgomery grew obstreperous and wanted to pocket the carpets and things like that and the wagon was called. When Jessie realized that she, too, was up against it she grew retrospective and then remembered something about the money. She went to the bedroom and soon returned with $20.08 which she said she had found under Montgomery's pillow, but that didn't square it and both were taken over, Jessie spilling an unnecessary quantity of tears on the trip. At court Montgomery endeavored to convince the judge that his participation in the episode was not only innocent but quite natural and to emphasize his plea said: "Why, the same thing might happen to you any time, judge." The judge thought not and fined him $10 and costs. Montgomery invoiced and found that his cash balance would be just 8 cents if he paid the fine so he concluded to board it out. Miss Jessie was fined $5 and costs and after an hour's incarceration her friends came to the rescue and she was released.

EDDIE COVAULT ARRESTED.

Eddie Covault, who has been in trouble a number of times in this city, usually for petty thefts, is in hock at Marion where he was arrested for stealing a bicycle. He has been at Marion for some time and has there been known under several aliases. He is suspected there of several other jobs, but the one on which he was arrested was a clear case and he pleaded guilty when arraigned. He was bound over to the circuit court and in default of bail was sent to jail.

POLICE NOTES.

George W. Beers reported that someone had stolen a portion of a fancy harness from his barn on West Berry street.

Superintendent Gorsline is in receipt of a personal letter from J. B. Sollett, special officer for the Wabash road, thanking him for the prompt and efficient service rendered by the Fort Wayne officers in arresting the two robbers who burglarized the ticket office at New Haven several nights ago.

Night Police Clerk Fred Graffe is the first officer to come out resplendent in a new uniform.

A handsome team of dark bay horses was offered for sale to the police department for patrol wagon service. The horses are well matched, are seven years old, but are considered a trifle light for the heavy work that is sometimes required of the patrol team.

Lieutenant Lapp was not on duty at the police station today, being engaged in posting election notices throughout the city. This is the last day under the law for posting said notices, but the lieutenant said he would complete the job easily within the time limit.

SEEK BISHOP JOYCE, FOWLER OR M'CABE

For Dedication of New First M. E. Church—Services to Be Held in May.

One of three of the more prominent bishops of the Methodist Episcopal church is desired to conduct the dedicatory services of the new First M. E. church at East Wayne and Lafayette streets, and the official board of the church is now in correspondence to ascertain which of the three eminent clergymen it will be possible to secure. Bishop Joyce and Bishop McCabe have both spoken in Fort Wayne. Bishop Fowler, it is believed, has never addressed an audience in this city.

The handsome edifice in process of erection by the congregation formerly known as Berry Street Methodist Episcopal church is now nearing completion. The frescoing and painting is nearly completed, and the work of construction in all branches is being rushed along as rapidly as possible. It is believed the dedicatory exercises will be held about the middle of May—possibly on May 17, if arrangements can be completed by that time.

FOR WOMEN

Much That Every Woman Desires to Know

About Sanative Antiseptic Cleansing

And about the Care of the Skin, Scalp, Hair and Hands.

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment and Resolvent in the antiseptic cleansing of the mucous surfaces and of the blood and circulating fluids, thus affording pure, sweet and economical local and constitutional treatment for weakening ulcerations, inflammations, itchings, irritations, relaxations, displacements, pains and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength and beauty to weary women, who have been prematurely aged and invalided by these distressing ailments, as well as such sympathetic afflictions as anæmia, chlorosis, hysteria, nervousness and debility.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura remedies the standard skin cures and humour remedies of the civilized world.

Millions of the women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for annoying irritations, and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60). Ointment, 50c., Soap, 25c. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Boston, 137 Columbus Ave. Potter Drug & Chem. Corp., Sole Proprietors.

PERREY Studio Not to Move.

The statement in Thursday's Sentinel to the effect that the photographic studio of E. F. Perrey was to be removed to East Berry street was erroneous and rose from a confusion of names. Mr. Perrey has had no intention of moving, but on the contrary has been having his extensive studio on the second floor of the MacDougall block, corner of Berry and Calhoun streets, extensively remodeled and more thoroughly equipped, good evidence, certainly, that he expects to retain his present quarters indefinitely.

GOMPERS DENOUNCES PARRY'S PHILIPPIC

President of Manufacturers' Speech Called Expression of Ignorance.

Washington, D. C., April 17.—President Gompers, of the American Federation of Labor, has given out a statement in reply to the annual report of President Parry, of the Manufacturers' association, which was read before that body in New Orleans. It says:

"If there were any doubt that Mr. Parry had taken leave of his reason, the report (or rather harangue) which he has made to his convention demonstrates it beyond any doubt. If the Manufacturers' association, in convention at New Orleans, indorses Mr. Parry's unjustified, undigested and malicious antagonism to the effort of the workers to secure material and moral improvement, they simply write themselves down to his low level and stand committed with him for all the injury which must follow from his rabid utterances, his venomous and ignorant antagonism, which must provoke only resentment and retaliation.

"Organized labor is the result of our industrial development and environment. It proposes to secure a larger share of the production of wealth. It seeks to secure these objects by peaceful and lawful methods. It aims to establish more rightful relations between man and man.

"Organized labor is here to stay—yes, to stay long after Mr. Parry's name shall have been forgotten. It has survived many encounters with men of the Parry caliber.

"Organized labor seeks no conflict such as Mr. Parry would promote, nor will it run away from it. We desire industrial and social peace, and are making for it, Mr. Parry and those who act with him to the contrary notwithstanding. We shall be enabled soon to discern to what extent the manufacturers of the United States are in accord with him. At this writing we are confident that he represents but an infinitesimal part of the American employers.

"Organized labor faces the future confident and self-reliant, and hurls back into the teeth of Mr. Parry his foul vituperation and abuse. Organized labor is constantly striving for the attainment of a better and higher life, the fulfillment of its mission for the brotherhood of man."

IN NORTHERN INDIANA.

Bluffton has purchased a site upon which to locate the new Carnegie library.

Irvin Crumrine, of Wabash, 16 years of age, has become insane from overstudy.

Notre Dame is to have a new $35,000 dormitory to be known as Bronson hall.

In DeKalb county the total amount of taxable property is reported as $13,933,050. There are 4,505 polls.

Mrs. H. C. Peterson, wife of a prominent attorney at Albion, has been stricken by paralysis.

John Whan, a pioneer citizen of Swan township, Noble county, is dead at the age of 82 years. He located in Indiana in 1843.

John Bowersox and Henry Krutz, students at the Huntington Business university, have been fined $2 and costs for hazing Samuel Haynes, another student.

The Huntington city council has authorized the borrowing of $30,000 with which to erect a new city building, and has ordered the paving of three streets.

Organized labor at Wabash, according to Harry M. Travis, is so strongly opposed to the organization of a militia company there that the project has been abandoned.

Elmer Armstrong, 21, and Emma Slentz, 15, eloped from Priam, Blackford county, eluding the girl's mother who was chasing them, and reached Hartford City. Here they were refused a marriage license on account of the tender age of the girl, but undaunted they hurried onward to try elsewhere. Nobody seems to know their present whereabouts.

John Wymer, of DeKalb county, sought to take advantage of the high waters in Cedar creek and with his two sons started for Auburn in a rowboat heavily loaded with potatoes. Five miles from home the boat got into a swift current and was overturned, the cargo lost and Wymer and his sons came near drowning.

POLO LEAGUE ORGANIZED.

Fort Wayne is a member of the American Polo league, which was formed at Indianapolis yesterday, and the other cities in the circuit are Lafayette, Terre Haute and Logansport, in this state, and Danville, Ill. A sixth franchise has yet to be awarded and there are two applicants for it. Manager Eckert will cut down the floor space of Princess rink to the requisite size and the work of remodeling the building will begin soon. Another meeting of the league magnates will be held soon, at which the sixth franchise will be awarded and other matters of importance taken up.

THE OLD FOLKS HAD IT

It was as Common in Olden Times as Now to Have Rheumatism.

Don't "grin and bear it" any longer. It's all right to bear pain heroically when you have to, but it's unnecessary in this case. If you don't believe it let us tell you what we are doing for others. It's in your blood. Uric acid does it. We can drive it all out of your system. We have been at it twenty years, in a quiet way, and have made thousands of friends by doing them good.

Our doctors have discovered a secret. Athlophoros will act right on the Uric acid, and you will be surprised to see the aches and pains gradually leave you. The twinges and cricks will become less and less, and you will find yourself going about your work naturally.

You will feel brighter, happier, and as if a big load had been taken away. One bottle of Athlophoros, from your druggist, will show if it is to help you, and would be cheap at ten times the money if it relieves your suffering. Send $1 to The Athlophoros Co., New Haven, Conn., if your druggist shouldn't have it.

JUDGE HEATON WILL HEAR MORGAN CASE

Huntington Disbarment Suit is Venued to Superior Court in Fort Wayne.

Huntington, Ind., April 17.—The proceedings brought in the Huntington circuit court for the disbarment of Attorney Henry C. Morgan will be heard in the superior court of Allen county, Judge Heaton presiding. In the circuit court here Thursday afternoon Judge Watkins, representing the defendant, filed affidavit for change of venue, alleging that prejudice exists against the defendant in Huntington county and asking for a change of venue.

After this had been granted there was a long wrangle over where the case should be sent. Judge Watkins suggested that the case be sent to Judge Shiveley, of the Wabash circuit. To this the prosecution objected because of the fact that that judge had declined to hear the case. The defense then insisted that he had not refused to hear it at Wabash and that assurance had been received that he would hear it there. After further discussion the defendant offered to allow a choice from either one of the five adjoining counties, Allen county excepted.

To this the prosecution objected on the ground that Whitley and Wells county judges had expressed opinions and that Grant and Wabash county judges had been asked to hear it and had declined. Allen county, they claimed, was the only place where it could be sent.

Judge Erwin, of Decatur, who was presiding, seeing there could be no agreement, said he would send the case to the circuit court of Allen county, before Judge O'Rourke, but Judge Watkins asked that it be made the superior court in the same county and this Judge Erwin ordered.

An Indianapolis staff correspondent writing from West Baden of the political pow-wow just held there says Senator Fairbanks "loomed high above the heads of the politicians as a presidential possibility." Naturally. The senator is six feet three or four in his sock feet.

J. Pierpont Morgan is sixty-six years old today and it is noted that he had achieved no striking success in his great career until he had passed the age of sixty. However, his stunt though late is full of promise and another half dozen years may qualify J. P. to make didactic contributions to literature on "How to Succeed Though Old."

The manufacturers' association adopts a platform which amounts to an agreement as to what its members will concertedly observe as their policy and procedure toward their employes and one of the planks of that platform is that they will refuse to consider what labor organizations as such may desire in behalf of their members. All of which reduced to its lowest terms means that the manufacturers have a right to combine for whatever purpose they see fit and in common pursue any policy that is good for them while the employes have not. They demand that there shall be the most absolute freedom of competition of labor, but to bet a corner lot to a picayune that they will object to free competition in trade would be taking no chance at all.

It was a notable gathering of Irish which assembled in the old Mansion house at Dublin to discuss the new land bill which had been introduced in the house of commons by Mr. Wyndham, the secretary for Ireland. The convention was called by the United Irish League to discuss the measure and the result was unanimous approval of the principles of the bill and a vote of confidence in the ability of the Irish parliamentary party to deal with the bill in committee. The land bill as presented by Mr. Wyndham does not meet all the expectations of the Irish people, nor could it well be expected to do so, but it constitutes both foundation and framework for a measure that will realize in large part the practical and attainable aspirations of the Irish people. Many amendments and additions will be necessary to make the bill in detail something like what is wanted and these will be discussed and determined at further sittings of the convention. Meanwhile, a great step has been taken in securing approval of the principle of the bill while the Irish give earnest of confidence in their leaders by leaving to them the conduct of the battle for the abolition of landlordism by such measures as will give to the term of Irish landed peasantry something more than mere name. Of course the nationalists look beyond the land to achievement of more splendid triumphs. Until home rule is an accomplished fact the battle will go on. But the land bill itself is evidence of such loosening of British sentiment regarding Ireland that the greater achievement may begin to be expected.

MAKE IT OVER.

Change of Diet Will Build An Entire New Body.

People can be entirely made over by a scientific course of food and drink. Even old, chronic diseases and hereditary ailments are eliminated by the wonderful processes of reconstruction under modern methods of feeding.

An illustration is worth attention. A lady writes: "I feel this letter will exceed all reasonable bounds, but how can I be brief when I have so much to tell. First, about myself. I inherited nervous headaches and half invalid condition. I had to give up tea and coffee, but some months ago a friend insisted that I start on Postum Food Coffee and Grape-Nuts breakfast food.

"I prepared the coffee myself, carefully according to directions on the package, and used good cream. The first cup seemed the most delicious and satisfying drink I had ever tasted. I drained it and filled it again; I was impressed with the idea that it was just what my starved nerves demanded. So I used Postum and Grape-Nuts with good, rich cream. Now for about four weeks I have been entirely free from headaches and nervousness and am feeling unusually strong and well. There has also been a marked change in my appearance. I am 47 years old and my hair is very white, but the haggard, care-worn look is entirely gone from my face, my cheeks and body have filled out, the face shows a fine color, flesh firm and smooth, eyes clear and lips red. My friends comment on the change and say I look 15 years younger. They are incredulous when I tell them that skillful feeding on scientific food like Grape-Nuts and Postum Food Coffee has wrought the change.

"Now, as to my son, 26 years old, who has been afflicted with epilepsy from infancy. I hardly dare tell the facts, but he is here in the body to prove them. He has had the best treatment in this country, all without perceptible benefit. His memory was gradually growing weaker. At the time I started on Postum and Grape-Nuts he started also, and the change in him has been so wonderful that I can hardly describe it. Now he carries himself erect, instead of in his former careless way, his eyes are clear and bright, and best of all, his memory is growing stronger and stronger every day, until I am fairly overcome with astonishment. He shows a decision of character quite unusual and has lately expressed a strong desire to study. I dare not say what hopes his improvement has raised.

"It is perfectly evident that bodies and brains can be rebuilt by skillful feeding, and that means Postum Food Coffee and Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

Winter Eczema

OR TETTER Is one of the many varieties of that tormenting disease called Eczema. It slumbers through the summer and breaks out in winter. The head, feet and hands are the parts most often attacked, though it sometimes appears on other parts of the body, the skin hardens, cracks open and bleeds, while the itching and burning is at times almost unbearable. Scratching only makes it worse, sores and scabs forming where the skin is broken.

In this form of Eczema brownish white crusts sometimes form which scale off in fine particles, leaving the skin raw and inflamed. It is especially painful and severe when confined to the hands, which often become so badly affected that the sufferer is unable to perform the lightest work. This, like all other types of Eczema, is due to acid poisons in the blood and not to local causes. The trouble is more than skin deep, and washes, soaps, powders and salves nor anything else applied to the surface can possibly do more than soothe the burning and itching or relieve temporarily the inflammation and pain.

SKIN CRACKS AND BLEEDS

It is the acids thrown off by the blood and which are forcing their way through the pores that cause the skin to harden, crack and bleed, and produce the irritation and soreness.

SSS S. S. S. neutralizes these acid poisons and cleanses the blood of all irritating substances and humors and does it promptly and effectually.

S. S. S. purifies and invigorates the thin acid blood, and builds up the entire system; then the unsightly eruption and sores heal, the skin becomes smooth and soft, and all signs of the Eczema disappear.

NEW CAPITAL IS MERGED WITH OLD

Fort Wayne Wind Mill Company is Incorporating With $75.000 Capital.

The Fort Wayne Windmill company, a new institution which recently began the manufacture of windmills in the plant formerly occupied by the Fleming Manufacturing company, on High street, is to be merged into a stock company, strengthened by the addition of a large amount of new capital, and the business and the capacity of the factory will be very largely increased.

Articles of incorporation are being prepared today. The old name will be retained, but the capital stock will be increased to $75,000, and the incorporators are Charles Pape, W. E. Mossman, E. F. Yarnelle, B. Paul Mossman and Charles W. Cook. The new company will take over the entire factory, equipment and patents of the former partnership. The institution, already of no small proportions, is to be enlarged and equipped with the most modern machinery. It is designed, in short, to make of the plant a model of its kind.

The company is manufacturing a splendid steel mill of original model, and it varies from all others in a number of important particulars which render it a machine of the highest type. The company owns its own patents, and will produce a first-class mill, "with wind in front of it and money behind it," as expressed by one of the leading stockholders today. Mr. Cook, the last named of the incorporators, is the manager of the works and was, with Mr. Pape, one of the founders of the business.

A day late, the National league finally succeeded in opening the 1903 season yesterday, although but two games were played, rain interfering at both Philadelphia and New York. The Pittsburg champions are in splendid form and played a snappy fielding game, while Phillipi held the Cincinnatis down to two hits, which is remarkable, indeed, for an opening game. Cincinnati fans continue loyal to their club and over 13,000 of them turned out yesterday, although the weather was very uninviting. At St. Louis 4,600 persons braved the cold and rain to see the home team win its first game from Chicago in a close contest.

BALDWIN WELL LOOKS GOOD.

The new oil well at Baldwin is developing far better than the promoters even anticipated. The water has been pumped off, releasing the heavy weight, and the result is that the well takes occasional spurts at flowing that is phenomenal. The pressure of gas underneath forces the oil to the top, sometimes shooting a number of feet into the air and flowing much faster than it can be handled. The result is that the ditches and drains in the neighborhood are black with waste oil. When the force of the gas has expended itself the oil goes down and the well acts the same as any other well-behaved well until the gas again accumulates when it goes out on another rampage. The stockholders now know that there is a large vein of oil underneath and new wells are already under way. The antics of the spurting well will be brought under control within a day or two when an accurate measurement of the actual daily production can be made. Commissioner-elect Griebel, who is interested, paid a visit to the field yesterday and came home highly pleased with the outlook.

OBSERVED THE PROVERB.

Apropos of modesty in politics Allen told a story one day of an aspiring citizen of Mississippi who used to quote grandiloquently the familiar saying, "The office should seek the man, not the man the office." A few days later he was observed electioneering for himself in the old-fashioned style, with whisky, cigars, etc. Being reminded of his recent lofty utterances he answered: "I still maintain my position. The office should seek the man. But, by gad! sah, the man should be around when the office is looking for him."

SERIOUS MISHAP TO SHAMROCK III

(Continued from First Page.)

I heard only a rasping sound forward and then the whole structure wavered. While it was still swaying I was knocked down the hatchway and through the flooring. When I scrambled on deck again the whole catastrophe was over. The accident will possibly delay us a month, but I cannot say until I see Fife, who is already on the way here. I still, however, anticipate being able to fulfill my engagements off Sandy Hook August 20. The yacht's hull is uninjured. The injury is confined to the mast, sails, topsail yard and lighter standing gear. I have cabled news of the accident to the New York Yacht club."

Just as a race between the Shamrock II., the Shamrock I. and the Sybarita was being started in the Solent, off Southampton, England, May 22, 1901, a sudden squall struck the yachts broadside on. The topmast of the Shamrock II. was carried away and then her mainmast went by the board, carrying all her sails with it and leaving her practically a wreck. The Shamrock I. was also considerably damaged. No one was injured on board either of the yachts, but King Edward, who was on the Shamrock II., had a narrow escape.

USED SAME RING AS IN FORMER CEREMONY

Dr. and Mrs. Charles Eckert are Again Wedded and Will Reside at Marion.

With the same ring used in the ceremony which united Dr. and Mrs. Chas. H. Eckert in marriage twenty-four years ago today, says the Marion Chronicle, they were today reunited in marriage after three years of separation, a divorce having been granted Mrs. Eckert in the interim. The ceremony was performed at 12 o'clock at the office of Dr. Eckert, in the Iroquois block, by Rev. J. W. Clevenger, of the First Baptist church, and was witnessed by Mrs. Ethel Richey, daughter of the contracting parties; her son and grandson of the couple, Master Robert Eckert Richey; C. E. Slesher, a special friend of Dr. Eckert, and a representative of the Chronicle.

Dr. Charles H. Eckert and Mrs. Ida B. Eckert are well known to Marion people, where Dr. Eckert has been a prominent practitioner since the early days of natural gas. His wife and two daughters lived with him in this city until three years ago, when, on account of an estrangement, Mrs. Eckert and daughters returned to their former home at Fort Wayne. The proceedings for and the granting of divorce and alimony are still fresh in the minds of Marion people. Now, after a separation of three years, the couple, never separated at heart, is joyfully reunited in marriage. Their daughters, Ethel and Irene, are both happily married, all members of the family having attended the wedding of the latter at Fort Wayne a few weeks ago. Mrs. Eckert and Mrs. Richey came to Marion last Saturday and it was generally understood that there was to be a reuniting of the husband and wife. The ceremony was deferred until today, however, that it might be on the twenty-fourth anniversary of their first marriage. Dr. and Mrs. Eckert will make their home at Marion.

DIVORCE IN ORDER IF CHARGES ARE TRUE

Andrew Hamm Gives His Wife a Bad Name--Mrs Hodson Wants Decree--Courts.

The divorce market continues to look up a little and this morning two new cases were filed.

Andrew Hamm wants a divorce from his wife, Laura. He says he was married in 1892 and that the issue of the union is two children, whom the defendant has abused and neglected for years. He further alleges that she has been guilty of grave misconduct, has practiced immoralities, got drunk, stayed out all night without excuse, refused to cook his meals, and finally deserted him April 11, since which time he has not heard from her and does not know what has become of her or where she is. He asks the court to take these things into consideration and see whether there can not be grounds for divorce patched up. He also asks for the custody of the children.

Another applicant for divorce is Almeda M. Hodson, who seeks to be legally separated from William Hodson. They were married in 1896 and have two children. The complaint alleges that the husband has been persistently abusive, has called her vile names, has failed to provide for her or her children, although able to do so, and is an habitual drunkard, and finally that he has abandoned her. She thinks she has a case.

COURT NOTES.

The circuit court will meet on Monday next.

Louis Witte has filed his final report as administrator of the estate of Fredericka Kohlenberg and reports that he has $1,120 on hand for distribution.

The damage suit of T. E. Ellison vs. Nelson O. Bart for $200 was yesterday settled out of court and dismissed. Mr. Bart had a counter claim against the plaintiff and represented that the damage was as much the fault of the plaintiff as his own. That there was some damage he did not deny, and when an agreement was reached he promptly paid over $25 and the suit was stricken from the docket.

The divorce case of Amelia vs. William Stahlhut, on trial before Judge Heaton since yesterday morning, was terminated at noon today after a large number of witnesses had been examined. The judgment was for the plaintiff.

The case of Walter P. Shane vs. Alfred H. Bates, has been appealed from Justice Wells, of Aboit township, to the circuit court.

Auditor Smith, Prosecutor Emrick and other friends of the deceased are at Williamsport today in attendance upon the funeral of the late Jacob Emrick, of Marion township.

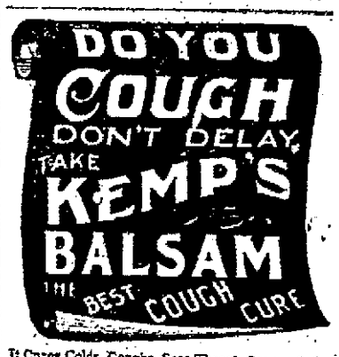
The injunction suit of East Berry street property owners against Stephen B. Fleming and the Fort Wayne, Van Wert and Lima Traction company, set for trial at Decatur next Tuesday, has been continued to May 11 on petition of the plaintiffs.

CLAIMS HE WAS ROBBED.

A German, who says he quit work at the Berghoff brewery last night, reported to Superintendent Gorsline this afternoon that upon awakening from a siesta which he had taken on a grass plot near the Nickel Plate depot, today he discovered he had been robbed of $15 and a watch. The German, whose mind is in a fuzzy state from overindulgence in liquor, suspects that two fellows with whom he fell in company while seeing the town last night had "touched" him for his wealth, but his effort to pilot the officer this afternoon along the line where he traveled with his friends was a dismal failure. The superintendent is inclined to the opinion that the fellow was not robbed at all.

WILL SECURE AN OPTION.

Following the report of the committee appointed to investigate the desirability of attempting to secure the location of the rolling mill in Fort Wayne, presented last evening before the Commercial club directors and a company of prominent business men of the city, the committee was directed to proceed to secure an option upon the property upon the best terms possible. This is done to secure a guarantee of the coming of the plant to Fort Wayne if the terms can be complied with, and as soon as it is closed up an effort will be made to place an amount of stock sufficient to provide for the coming of the works to this city. The report submitted by the committee is most exhaustive, and was wholly favorable. It showed that the members of the committee had been at great pains to learn the exact status of the works, and there is a feeling that the city will be able to comply with the conditions necessary to secure the location of the factory. Members of the firm are expected in the city Monday to confer with the committee concerning the terms of removal. The committee in charge of the negotiations is composed of Messrs. T. F. Thieme, J. P. Evans, B. P. Mossman, F. S. Hunting, Charles McCulloch, Louis Fox and Robert Millard.



It Cures Colds, Coughs, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in first stages, and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 25 cents and 50 cents.

MARRIAGE LICENSES.

William Holly and Mary Hurzog.

George W. McFadden, of Chicago, was in the city a few hours today, en route home after a visit with relatives at Bluffton.

Justice Skelton today bound over Paul E. Miller to keep the peace, the bond being fixed at $200. The affidavit was filed by Miller's wife. The parties live on Green street.

BRYAN DRIVES WITH INGALLS.

Cincinnati, Ohio, April 17.—Col. W. J. Bryan was the guest today of Melville E. Ingalls, president of the Big Four railway. President Ingalls was one of the most prominent of the so-called "gold democrats" in both of the Bryan presidential campaigns and many of the Bryan democrats are reported as not having supported Ingalls here for mayor last week. While Colonel Bryan is here to fill a lecture engagement, his luncheon with President Ingalls and meeting other so-called "gold democrats" was the feature of the day in local political circles.

THREE LYNCHERS HELD.

St. Louis, April 17.—A special to the Post-Dispatch from Joplin, Mo., says the coroner's jury that investigated the lynching of the negro found a verdict holding three men. It follows:

"We, the jury, after hearing the testimony at the inquest over the body of a negro, whose name is unknown to us, find that he came to his death from hanging by the neck and that said hanging was done by Sam Mitchell, Ed Fields, alias 'Hickory Bill,' and a man named Barnes."

Fields is now in custody. Ed Smith, who is charged with larceny during the riot, has been arrested and is now in jail. It is reported that seven or eight of the leaders in the Thursday night's mob have left the city and others are going.

YOUNG MURDERER HANGED.

Kansas City, Mo., April 17.—John "Bud" Taylor was hanged at the county jail here this morning for the murder on March 2, 1901, of Ruth Nollard, his former sweetheart. Taylor was baptised into the Catholic church last night. Taylor expressed sorrow for his crime.

DR. GARTRELL HANGED.

Butler, Mo., April 17.—Dr. James L. Gartrell, the aged murderer of D. B. Donegan, a Colorado miner, was hanged in the county jail yard here today. About 1,500 persons witnessed the execution, many coming to town from the surrounding country.

MRS. FITZSIMMONS DEAD.

New York, April 17.—Mrs. Robert Fitzsimmons, wife of the former champion heavy-weight pugilist, died today at her home in Brooklyn. She began sinking last night and Fitzsimmons summoned a number of physicians, but they were unable to save her. Mrs. Fitzsimmons had been ill for several days with typhoid pneumonia.

DROWNED IN THE FLOOD.

Clinton, Ind., April 17.—Ora Eddington, his wife and three small children, with two small neighbor boys, started to cross the Wabash bottoms this morning, in the face of a warning of danger. The three Eddington children and William Dudley were drowned. The party got off the road and were soon beyond their depth. Hundreds of people witnessed the disaster, but a relief boat was late in reaching the struggling victims. Eddington escaped on a horse and his wife was rescued by William Jacks, 12 years old. Three of the bodies were recovered.

OFFICIAL COUNCIL PROCEEDINGS.

GENERAL ORDINANCE NO. ...

An ordinance creating the office of plumbing and building inspector, defining his duties, requiring all plumbers to register and providing for the regulation of plumbing.

Section 1. Be it enacted by the common council of the city of Fort Wayne, that there is hereby created the office of plumbing and building inspector, and that the health commissioner of the city of Fort Wayne is authorized, upon and after the passage and approval of this ordinance, to appoint a reliable and competent man to the position of inspector. Such inspector shall serve until removed by said health commissioner, which removal may be made for any cause that said commissioner may deem sufficient.

Section 2. It shall be the duty of such inspector to inspect the construction and alteration of all plumbing work performed in such city, subsequent to the passage and taking effect of this ordinance, and report in writing the results of such inspection to such health commissioner; he shall report in like manner any person engaged in or carrying on the business of plumbing without first having registered, as hereinafter required.

Section 3. It shall be the duty of every plumber engaged in the business of plumbing in said city to register his name and post-office address in a record to be kept for that purpose by the health commissioner of the city. Anyone engaged in the business of plumbing without registering shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined three dollars for each and every day he shall conduct or carry on such business of plumbing without having registered. The plumbing and drainage of all buildings, public and private, shall be executed in accordance with plans and specifications previously approved in writing by the health commissioner of such city, and suitable drawings of such plumbing or drainage to such city shall be submitted by the owners of any building and placed on file in the health department.

This shall also apply to alterations or changes made in plumbing or drainage of any building already constructed. All permits for plumbing and house drainage shall be issued by the comptroller after being approved by the health commissioner. The fee for issuing permits shall be one dollar ($1.00) for each permit. No permit shall be necessary except for new plumbing or where material alterations shall be made.

It shall be the duty of any person having in charge the plumbing or drainage of any public or private building, before covering or concealing any such plumbing or drainage, to notify the health commissioner of said city, to have the same inspected, and if upon inspection, such plumbing or drainage is found to not conform with the plans and specifications approved by such health commissioner, such inspector shall so report to such commissioner. If such inspector shall report any plumbing or drainage not executed in accordance with such plans and specifications, such health commissioner may order the same re-constructed so as to conform with such plans and specifications. If the owner or owners of any building refuses to comply with the order of such commissioner relative to the construction of such plumbing and drainage, he shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined in any sum not exceeding fifty dollars ($50.00).

It shall also be the duty of such inspector to inspect the construction and alteration of all public and private buildings erected within the fire limits of the city of Fort Wayne, and if the same is not done in accordance with the laws and ordinances of the city in reference to such matter, to report the same to the board of public works.

The moneys obtained for the permits herein authorized to be issued shall be kept in a separate fund, to be used in the payment of a salary of such inspector; that the salary of such inspector shall be one thousand dollars per year, payable monthly, out of such special fund, and if said special fund is not sufficient to pay such salary, the excess thereof to be appropriated out of the general fund by the council.

Section 4. This ordinance to be in full force and effect on and after its passage, approval by the mayor and legal publication, and all ordinances in conflict herewith are hereby repealed.

H. C. BAADE,
JOHN C. FIGEL.

The ordinance was read the first time in full. Upon motion the ordinance was read the second time by its title and referred to the committee on health.

APPROPRIATION ORDINANCE NO. ...

An ordinance appropriating five hundred ($500.00) dollars to the department of health account:

Section 1. Be it ordained by the common council of the city of Fort Wayne, Ind., that five hundred ($500.00) dollars be and the same are hereby appropriated out of the general fund to the department of health fund. This money to be returned back to the general fund when the garbage cans for which this money is asked for are sold.

Section 2. This ordinance to be in full force and effect from and after its passage and approval by the mayor.

W. GRIEBEL.

The ordinance was read the first time in full. Upon motion the ordinance was read the second time by its title and referred to the committee on finance.

APPROPRIATION ORDINANCE NO. 222.

An ordinance appropriating $123.50 to Miscellaneous claim account.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Ind., that one hundred and twenty-three dollars and fifty ($123.50) cents be and the same are hereby appropriated to miscellaneous claim account for the purpose of paying bills of the special committee on natural gas.

Section 2. This ordinance shall be in full force and effect from and after its passage and approval by the mayor.

B. BORKENSTEIN.

The ordinance was read the first time in full. Upon motion the ordinance was read the second time by its title. Inasmuch as the committee on finance had recommended the appropriation of this money for the purposes named, upon motion the rules were now suspended and the ordinance placed on its third reading by the following vote:

Ayes, 18, viz: Baade, H. C., Baade, W. C., Baker, Bauer, Borkenstein, Ehrman, Figel, Gerding, Gombert, Glenn, Griebel, Hosey, Lennon, Meier, Miller, O'Ryan, Scheid, Sordelet.

Nays, none.

The ordinance was read the third time in full and passed by the following vote:

Ayes, 18, viz: Baade, H. C., Baade, W. C., Baker, Bauer, Borkenstein, Ehrman, Figel, Gerding, Gombert, Glenn, Griebel, Hosey, Lennon, Meier, Miller, O'Ryan, Scheid, Sordelet.

Nays, none.

GENERAL ORDINANCE NO. 206.

An ordinance requiring the Pittsburg, Fort Wayne and Chicago Railway company and the Pennsylvania company to construct and maintain a tunnel under and across the right-of-way of the Pittsburg, Fort Wayne and Chicago Railway company with Walton avenue.

Whereas, Walton avenue, by reason of its location, is now one of the principal north and south thoroughfares of the city of Fort Wayne; that it extends through a densely settled portion of the city, and is therefore extensively traveled, and,

Whereas, At the crossing of said Walton avenue with the right-of-way of the Pittsburg, Fort Wayne and Chicago Railway company, now leased and operated by the Pennsylvania company, the grade of said right-of-way is at least .. feet or more higher than the grade of the avenue, and to get upon, over and across the right-of-way of said railroad, necessitates an abrupt and dangerous elevation of the grade of the avenue on both sides of the said right-of-way, and,

Whereas, The existence of said right-of-way of said railroad and the abrupt and steep approaches of the said avenue, necessitated by the said grade of said railroad, makes the same dangerous for public use and travel.

Sec. 1. Therefore, Be it enacted by the common council of the city of Fort Wayne, that the Pittsburg, Fort Wayne and Chicago Railway company and the Pennsylvania company, lessees thereof, be and are hereby ordered to construct and maintain a tunnel and the necessary approaches thereto under and across the right-of-way of the said Pittsburg, Fort Wayne and Chicago Railway company, at the intersection of Walton avenue with the said right-of-way; that the said tunnel shall be constructed and maintained the full width of the avenue and of such a grade as will accommodate and protect all persons using such tunnel crossing for all legal and authorized purposes. The work shall be done to the satisfaction of the board of public works.

Sec. 2. It shall be the duty of the said companies, or either of them doing the work, to prepare and submit the plans and specifications of the tunnel to the board of public works for inspection and approval. That the tunnel work shall be commenced within three months after the passage of this ordinance, and completed within eight months after the work has been commenced. That the city clerk is hereby authorized and instructed to serve a copy of this ordinance upon the superintendent of the Pennsylvania company, and also a copy upon the president or local director of the Pittsburg, Fort Wayne and Chicago Railway company.

Sec. 3. This ordinance to be in full force and effect on and after its passage and approval by the mayor.

E. C. MILLER,
FRED GOMBERT,
W. E. GERDING.

The ordinance was read the third time in full. Mr. Miller made the motion that the ordinance now pass. Mr. Scheid thought that more time ought to be given the officials of the railroad company to consider the question of abolishing grade crossings and that when this work is undertaken Calhoun street should be first taken up. He therefore offered as an amendment to the motion that further time be given to the consideration of this matter before the ordinance pass. Mr. Miller pointed out that this matter had been before the council for some time; that the railroad officials had been notified upon three different occasions to confer with the committee, but had failed to appear. In his opinion plenty of time had been given them to consider this matter and that it was useless to delay the matter any longer. Mr. Lennon offered as an amendment to the amendment that the ordinance be laid on the table until a general plan of abolishing railroad crossings had been agreed upon, thereby insuring the much needed relief at Calhoun street and other streets in the more densely populated district of the city. The amendment to the amendment was lost by the following vote:

Ayes, 5, viz: Hosey, Lennon, O'Ryan, Scheid, Sordelet.

Nays, 13, viz: Baade, H. C., Baade, W. C., Baker, Bauer, Borkenstein, Ehrman, Figel, Gerding, Gombert, Glenn, Griebel, Meier, Miller.

The amendment to the motion was now put and lost by the following vote:

Ayes, 5, viz: Glenn, Lennon, O'Ryan, Scheid, Sordelet.

Nays, 13, viz: Baade, H. C., Baade, W. C., Baker, Bauer, Borkenstein, Ehrman, Figel, Gerding, Gombert, Griebel, Hosey, Meier, Miller.

The motion to pass the ordinance now carried by the following vote:

Ayes, 14, viz: Baade, H. C., Baade, W. C., Baker, Bauer, Borkenstein, Ehrman, Figel, Gerding, Gombert, Griebel, Hosey, Meier, Miller, Sordelet.

Nays, 4, viz: Glenn, Lennon, O'Ryan, Scheid.

GENERAL ORDINANCE NO. 207.

An ordinance providing for the issuance of building permits, and other matters in relation thereto.

Section 1. Be it enacted by the common council of the city of Fort Wayne, that it shall be the duty of the board of public works of the city to grant a permit to any person, company or corporation, or to the contractor acting for any person, company or corporation, to build houses or additions thereto, located upon any lot, lots or parcel of land within the corporate limits of the city, provided, however that no permit shall be issued by the board for the erection of any building or additions thereto, unless the kind and character of the structure or additions thereto complies with other ordinances now in force or that may hereafter be enacted in relation to fire limits and character of building permissible therein.

Section 2. It shall be unlawful for any person to build, or cause to be built, any building or to alter or substantially repair any building without first receiving a permit from the board of public works. A separate permit shall be issued for each and every building erected or repaired, and the person receiving the same shall pay to the city comptroller the sum of fifty (50) cents for each and every permit so received.

Section 3. Whenever any person shall be desirous of erecting, repairing or altering any building, such person or contractor therefor shall make application to the board of public works for a permit; such person shall furnish a written statement to such board of the proposed location, the foundation and dimensions of proposed building, the principal material to be used therein, and the probable cost thereof; upon such a statement being filed a permit shall be issued, unless prohibited by other ordinances of the city.

Section 4. All permits under the provisions of this ordinance shall particularly specify the space to be occupied by building material in any public street immediately fronting the premises where such proposed building is to be erected, provided that such space is required: provided, however, that in no case shall a permit include the right to use in any such case more than fifteen feet of any street, measuring from the center thereof to the outside edge of the sidewalk fronting such proposed building, and provided, further, that no permit shall be issued granting any right to place any material whatever in any street or alley in such manner as to wholly obstruct the public use of same, or prevent the water flowing in and along such street or alley, and provided, further, that in cases where any excavation is made by virtue of and under any permit granted under the provisions of this ordinance, such excavation shall, in case the same is in, upon or under any sidewalk, be securely and safely bridged and protected with red lights at each end in the night time. It shall be unlawful for any person to deposit building material of any kind within the limits of any street without first obtaining a permit from the board of public works.

Section 5. Any person or any contractor acting for any person violating any provision of this ordinance shall on conviction pay a fine of not more than twenty-five dollars ($25.00) and every day that any of such persons or contractors prosecute the work without obtaining a permit, shall constitute a separate offense with like penalty.

Section 6. This ordinance to be in full force and effect from and after its passage, approval by the mayor and legal publication.

J. J. BAUER.

The ordinance as amended was read the third time in full. Upon motion the ordinance was now passed by the following vote:

Ayes, 17, viz: Baade, H. C., Baade, W. C., Baker, Bauer, Borkenstein, Ehrman, Figel, Gerding, Glenn, Gombert, Griebel, Hosey, Lennon, Meier, Miller, O'Ryan, Sordelet.

Nays, 1, viz: Scheid:

GENERAL ORDINANCE NO. 208.

An ordinance amending sections one (1), two (2) and three (3) of an ordinance entitled, "An ordinance relative to the taxing of dogs, and repealing general ordinance No. 35, relating to same subject," approved August 14, 1900.

Section 1. Be it enacted by the common council of the city of Fort Wayne, that section one (1) of the above entitled ordinance be amended to read as follows:

"That every person residing within the corporate limits of the city of Fort Wayne, owning, harboring, possessing or caring for any dog, on the first day of April of each year hereafter, shall pay to the city of Fort Wayne the following taxes on each dog so owned, in the manner as hereinafter provided: For each male or spayed female dog, one dollar ($1.00); for every additional male or spayed female dog, one dollar and a half ($1.50); and the sum of two dollars ($2.00) for each female dog (unspayed) so owned, harbored or cared for."

Section 2. That section two (2) be amended to read as follows:

"It shall be the duty of the township assessor of the townships included within the limits of the city of Fort Wayne at the time of assessing the property of each property holder of his township residing within the corporate limits of the city, to make diligent inquiry as to the number of dogs owned, harbored, kept or cared for by the person so assessed. Any such person so assessed shall pay to the said township assessor for the city of Fort Wayne the sum of one dollar ($1.00) for each male or spayed female dog, and the sum of one dollar and a half ($1.50) for each additional male or spayed female dog; and the sum of two dollars ($2.00) for each female dog (unspayed) so owned, harbored or cared for."

Section 3. That section three (3) be amended to read as follows:

"The township assessor shall give to each person a receipt for such money paid him, which shall be designated as city dog tax, which receipt shall show the person's name who owns, harbors or keeps a dog, the amount paid for, and whether male or female, and the number of each, which receipt shall relieve the person or persons owning, keeping or harboring such dogs for the current year, extended one year from its date until the next regular township assessment. Such township assessor shall keep a record of the person or persons owning dogs and the record of the dogs paid for, and he shall keep a stub record for a copy of the receipts given by him for money paid him for dog taxes. Such stub record shall show the amount paid him, the number of dogs, both male and female, paid for, and the persons' names owning the dogs so paid for. And he shall within five days after the completion of the assessment of his township, turn over to the comptroller of the city all the records kept by him relating to the collecting and payment of dog taxes, and a copy of all receipts given by him to persons having paid him money as city dog tax, and all money received by him as city dog tax. The said township assessor, as payment for services to city rendered, shall receive fifteen per cent. (15) of the taxes collected, and to be paid by the comptroller at the time and out of the money turned over to the said comptroller by said assessor.

Section 4. This ordinance to be in full force and effect on and after its passage, approval by mayor and legal publication.

J. J. BAUER.

The ordinance was read the third time in full. Upon motion the ordinance was now passed by the following vote:

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, no Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and cures baldness.

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Pellens & Polster, special agents."

SURVEYING IS RESUMED.

(Decatur Democrat.)

Surveying on the Springfield and Fort Wayne electric line was resumed this morning after a suspension of several weeks on account of the bad weather. The party is headed by Harvey Harruff and the company's own surveyors. They expect to reach Fort Wayne in a few days and will then take up the work in the other direction, going southeast from St. Marys, thence to Springfield.

The Place to Buy Your Coal

I am ready to take orders for your next winter's coal. Hard coal and Pokahontis. The summer time is the time to prepare your next winter's fuel for several reasons: You can buy it cheaper, and second, is you give the coal dealer time to put your coal in your bins, and third place, is you have got your coal in when winter comes and you don't have to run to the coal yard when the coal man is busy, that he cannot wait on you. AND ONE GREAT REASON IS YOU KNOW what the gas company has told you, that for next winter you must prepare other fuel, and don't be deceived and wait till cold weather comes and strikes come on—the way to avoid all trouble is to put your coal in when we can take care of you, and one other great point is when you buy in the summer you get better coal.

The rumor is among local agents that they are not allowed to solicit orders as there is going to be a great deal of early coal bought this year, as the people are not going to be fooled this time as they were last year. They are going to get their coal and they will know they have got it.

This demand is going to make coal scarce and high. Don't wait till coal goes, and you cannot get it, but buy when you can buy right and at the low prices. These prices hold good till the 1st of June. Call up the Wilding Coal yard. Phone No. 6265.

THE MARKETS

Chicago, April 17.—Higher cables caused a firm opening in wheat today, May being unchanged to ¼c higher, at 77½c to 77¾c, and July a shade to ⅛@¼c higher, at 71⅝c to 71¾c. The favorable weather induced considerable selling by local traders and the market gradually eased off, May steadying around 77⅜c, while July held fairly steady around 77½. Minneapolis and Duluth reported receipts of 115 cars, which, with local receipts of 19 cars—two of contract grade—made total receipts for the three points of 134 cars, against 136 cars a year ago.

About noon weakness developed on favorable crop reports, but late in the day prices again advanced, influenced by a fair export demand and by advices from Paris stating the French crop had been damaged by frost. The close was firm, with May a shade higher, at 77½@77⅝c, after touching 77¾@77⅞c. July sold up to 72⅛c, and closed at 71⅞@72c, a gain of ⅜c.

Corn was quiet and featureless the early part of the day, but opening prices were firm on cables and small receipts, May being unchanged to ⅛c higher, at 43¾c to 43⅞c. There was a little selling on the improved weather, but a good cash demand prevented any decline. Local receipts were 64 cars, with one of contract grade.

Closing prices were strong, May being ¼@⅜c higher, at 44@44⅛c.

The improved weather conditions caused liquidation at the start and opening prices were easier, May being unchanged to ⅛c lower, at 33⅜c to 33½c, but offerings were readily absorbed and a firmer tone developed. Local receipts were 88 cars.

Provisions opened steady to firm on a small run of hogs and a slight advance in prices at the yards. Trading was only moderate, with buying of pork and ribs by brokers the principal feature. Prices showed little change the early part of the session. July pork opened 5c higher, at $17.37½; July lard was unchanged, at $9.72½, while ribs were up 2½c, at $9.67½.

The Close.

Prices at the close were as follows:

Wheat—May, 77½@77⅝c; July, 71⅞@72c; Sept., 68¾@68⅞c.

Corn—April, 43⅝c; May, 44@44⅛c; July, 44¼@44⅜c; Sept., 43¾c.

Oats—April, 34¾c; May, 34⅜@34½c; July, 30½c; Sept., 28c.

Pork—May, $18.00; July, $17.40@17.42½; Sept., $17.07½.

Lard—May, $9.82½; July, $9.72½@9.75; Sept., $9.72½.

Ribs—May, $9.80; July, $9.65@9.67½; Sept., $9.60@9.62½.

Rye—May, 50c; July, 50¼c.

Flax—Cash N. W., $1.11; S. W., $1.08; May, $1.11.

Timothy—April $3.70.

Clover—April, $12.00.

Barley—Cash, 42@54c.

Hogs—Receipts, 15,000; tomorrow, 10,000; left over, 2,797; market strong to 5c higher; mixed and butchers, $7@7.30; good to choice heavy, $7.30@7.52½; rough heavy, $7.10@7.30; light, $6.75@7.10; bulk of sales, $7.10@7.30.

Sheep—Receipts, 3,000; market steady; good to choice wethers, $4.75@5.75; fair to choice mixed, $4@4.75; native lambs, $4.50@7.

The Day on Wall Street.

New York, April 17.—Prices generally opened a small fraction higher. Manhattan showed a gain of 1¼ and Baltimore and Ohio was carried up ⅝. Metropolitan Street railway on the other hand dropped 2 points and induced some hesitation elsewhere in the list.

The purchasing movement assumed a broader scope, and stocks which have lagged since the culmination of the bear movement were bid up aggressively. There was a resumption of the late confident buying of the Pennsylvania and Gould groups. Top prices for the first hour showed gains of 2⅝ in Manhattan, 2¼ in Colorado Fuel, 2 in General Electric and a point or more in Baltimore and Ohio, Norfolk and Western, Reading, Delaware and Hudson, Missouri Pacific, Southern Pacific, Illinois Central, Louisville, Cleveland, C., C. & St. L., National Railway of Mexico preferred, Colorado and Southern second preferred, Brooklyn Transit, Sugar and Republic Steel preferred. Lackawanna jumped 4½, while St. Louis and San Francisco lost 1⅝ and Metropolitan Securities 1½. Metropolitan Street railway recovered half of its loss in sympathy with the general market, but when it reacted to 131½ the market eased slightly.

There was some temporary hesitation in the buying, but it was renewed and the advance in prices continued. Union Pacific, New York Central, Rock Island, the Wabash stocks, Texas and Pacific, Northwestern and St. Louis and Southwestern preferred of the railroads and the Smelting stocks, People's Gas, U. S. Rubber, Rubber Goods preferred, Louisville, Hide and Leather preferred and Grass Twine, of the industrials, were brought into the list of 1 to 2-point advances. Lackawanna rose 8, New Haven 4, Westinghouse Electric first preferred 5, Baltimore and Ohio preferred 2¼, Colorado Fuel 3 and General Electric 3¼.

Bonds were firm at noon.

Some of the standard stocks which had not risen a point in the forenoon advance were brought up to that level after mid-day, notably St. Paul, Atchison and Amalgamated. Various other leaders increased their advances slightly and ther was a better inquiry for dormant stocks. St. Louis and San Francisco turned an early loss of 1⅝ into an advance of 2 points, and the second preferred also gained 1. General Electric extended its rise to 5½.

New York Produce Market.

New York, April 17.—Butter—Receipts, 3,582 packages; market steady; state dairy, 18@26c; extra creamery, 27c; held creamery, 15@26c; creamery, common to choice, 20@26½c.

PREPARATION OF SWEETBREAD.

Although we speak of sweetbreads as a pair, in reality there is but one sweetbread, consisting of two parts connected by a short membrane. The round, compact part is called the heart sweetbread, because it is situated nearer the heart; it is much better than the other or elongated part which from its position below the throat, is known as the throat sweetbread. These glands are of unknown function and are found only in young calves or lambs. They are prenatally developed and disappear gradually as the animal changes from milk to a grass diet. Lamb sweetbreads are not considered in cookery, but veal sweetbreads are a delicious delicacy, greatly esteemed. They are easily prepared and in combination with other things may be presented in many pleasing and appetizing ways. For invalid cookery they are invaluable because so dainty and easily digested. Sweetbreads are most plentiful and cheap during the spring and summer, but they are obtainable during all seasons.—From "Sweetbreads and How to Prepare Them," by Amelia Sulzbacher, in the April What to Eat.

SPRING BRIDAL FLOWERS.

A dear little bride who is ardently fond of spring flowers will use them in her wedding. She herself wears her mother's wedding gown of white satin and carries the same kind of flowers that her mother carried as a bride, white roses. Her bridesmaids, who are six of her girl friends, have been asked to wear white china silk gowns. The bride will give them their bouquets—one will carry jonquils, one violets, one white lilacs, one purple lilacs, one red tulips and one pink hyacinths. Her little niece dressed in white will carry a basket filled with spring flowers in variety. The house will blossom with spring flowers in fern setting, the ices will be in form of these flowers and the cakes will be decorated with narcissus. Besides the ices and cakes she will serve chicken salad on white lettuce leaves, with tiny hot rolls, stuffed olives and coffee.—From "Easter Bridal Affairs," by Laura A. Smith, in April What to Eat.

A CHILD POET.

Paris has discovered a poet of extraordinary talent and precocity. The new versifier is a little girl, 10 years old, named Antoine Coullet, whose first collection of poems has just been published, unknown to her by M. Lemerre, says Pearson's Weekly. The child is quite unconscious of her poetical gift, and her verses are usually written in intervals between games with her younger sisters at skipping the rope and playing with her dolls. Suddenly she will desert her playthings for a few minutes and scribble down the lines she has composed on such different subjects as the Lord's Prayer and the Martinique disaster. Her compositions contain mistakes in spelling and faults of grammar and prosody. But so eminent an authority as M. Francois Coppee has declared that if Antoine has written without assistance what has been submitted to him she is no ordinary child.

OUT INSPECTING IMPROVEMENTS

Engineer E. G. Ericson and Local Officials Out on Western Division

REMOVE TELEGRAPH POLES

Wires at the Pennsylvania Superintendent's Building Taken Down.

E. G. Ericson, assistant chief engineer of the Pennsylvania lines west of Pittsburg, is out on the western end of the western division of the Pittsburg, Fort Wayne and Chicago road today, inspecting the second track work which has been in progress for two or three years and a portion of which is soon to be put in service. He travels by special train, which started from Crestline this morning and reached this city at 10 o'clock, and he is accompanied by Supt. J. B. McKim and F. H. Worthington, engineer of maintenance of way of the western division. The first stop west of the city was at Arcola, where the officials took a look at the old "sink hole," which was the source of so much trouble several years ago. Until Mr. Ericson became engineer of the western division the track over this hole was supported by piling, the efforts to get a solid foundation by filling in with dirt having been fruitless. Mr. Ericson, however, believed that a solid foundation could be made with cinders and experience has verified that belief, for that portion of the track is as solid as any other today. A second track, constructed upon a foundation made in this manner, will be put in use in a few days. The inspecting party will also stop awhile at Donnelson hill, where the heaviest grade and worst curve on the western end of the road has been almost eliminated. The train is in charge of Conductor A. Miller and is hauled by engine 7268, with Engineer T. H. Ryan and E. S. Hoffman in the cab. This crew had charge over the entire western division.

Will Play Ball Tomorrow.

Foreman William Brennan's machinists and Foreman Collins' winders, at the Fort Wayne Electric works, will play ball at Centilvre park tomorrow afternoon, at 2 o'clock. There has been considerable talk about the capabilities of these clubs and the result of the game will be watched with interest. The winner will immediately be challenged by a club made up from men in other departments of the works. Henry Stalhut, a south-paw pitcher, will twirl for the machinists.

Pennsylvania Pay Car Here.

The Pennsylvania pay car arrived at the east yards at 10 o'clock this morning. It will pay the men there and this evening move down to the main shops on Lafayette street, where it will remain until Monday morning.

Had Finger Badly Cut.

William Doehrman, a machinist apprentice in the Fort Wayne Electric works, had the index finger of his left hand badly cut on an emery wheel on which he was grinding a tool this morning. The accident will keep the unfortunate man from his work for a week or two.

Will Install a Plant.

The Bass Foundry and Machine company will install a boiler plant in Los Angeles, Cal., for a manufacturing concern, and the boilers and the equipment were loaded on the cars at the works today. It took two cars to carry the consignment.

The Accidents.

While moving a scaffold in the Pittsburg boiler shop yesterday, M. A. Snyder had one of his feet bruised by a block falling upon it. W. C. Habel had both of his thumbs bruised and lacerated by a fire grate falling upon them. He was removing the grate from a locomotive fire box when the accident happened. J. E. Adams had the third finger of his left hand mashed yesterday while at work at the east car shop, and J. Shultz, of the maintenance of way department, had a finger crushed by a bar falling upon it.

Fireman Henry Sayner, of the Pittsburg, is off duty with a sprained wrist. Fireman F. W. Bandt, of the same road, is suffering from an injured hand and will be unable to report for duty for a few days. George Cour, a passenger brakeman, has a badly inflamed eye and has been off duty three weeks. A hot cinder caused the trouble.

Meeting of Car Foremen.

Chief Car Inspector W. W. Todd, of the Pennsylvania, has called all of the car foremen to his office today, at a conference concerning matters connected with the department.

Athletes Will Meet.

A meeting of the executive committee of the Pennsylvania Athletic association has been called for next Tuesday night to make arrangements for field day. There seems to be an unanimous sentiment that the annual sports should be given at an early date and Memorial day has been suggested. However, that is a matter for the executive committee to settle at the meeting next Tuesday.

Will Remove Unsightly Poles.

Men are engaged today in putting a conduit for a 100-wire cable at the telegraph office in the Pennsylvania superintendent's building and when they complete this task and the traction company and the Western Union company completes the work of re-arranging their wire system, the unsightly poles in front of the Pennsylvania office building will be removed. Another improvement to be made at that office and the Pennsylvania shops and yards will be the installation of a branch Bell telephone exchange, connecting all the departments with each other and with the Bell exchange down town. There will be about thirty 'phones in the service when the system has been placed in operation, which will be about the middle of June.

A Big Engine Output.

Despite the disadvantage at which the engine repair work is at present carried on at the Pittsburg shops, the output this week will be above the average. The shops are all "tore up" and only a part of the machinery is in operation, yet nine engines have been repaired. They are Nos. 7540, 7907, 7269, 7357, 7505, 7100, 7277, 7306 and 10. The latter belongs to the contractor who is doing the grading for the double tracks at Dunkirk.

Industrial Notes.

F. E. Claudy, of the Pittsburg shops, is sick and off duty.

The pay of section men on the Big Four has been advanced to $1.50 per day.

R. J. Fisher went to Grand Rapids today in the interest of the Bass Foundry and Machine company.

Conductor D. L. Billings, of the Nickel Plate, is "learning the road" for passenger work.

Mrs. C. W. Sayles, of Angola, is visiting her sons, Alfred Barbier, of the Pittsburg shops, and George Barbier, of the Bass works.

William K. Noble, of the Noble Machine company, and his wife, have returned from a southern trip, which included a visit to points of interest in Cuba.

A train of two coaches and a baggage car, carrying the Sherlock Holmes Theatrical company to Toledo, passed through the city, over the Wabash, yesterday morning.

J. D. Hudson, C. Daniels and E. N. Halter are new employes at the Wabash shops. D. Jones, a laborer at that shop, resigned this morning.

Engineer and Mrs. H. D. Rose will leave in a few days for Kalamazoo, where they will spend a few days with relatives and friends. Mr. Rose is employed on the Pittsburg road.

Engineer George Mullen, of the Nickel Plate, who was here attending the conclave, returned to his home in Bellevue last night. Mrs. Mullen will remain in the city a few days, visiting friends.

J. B. Ward, a well known Panhandle engineer, has been promoted to road foreman of engines of the Cleveland, Akron and Columbus. Mr. Ward has been an engineer on the road twenty years or more.

Huntington Democrat: "Frank Slusser, the Erie engineer, went to Fort Wayne today to visit Casper Smith. Mr. Smith was the first engineer that Mr. Slusser ever fired for. That was over forty years ago."

A 2,000-light generator to Tiffin, O., and a Bliss car lighting machine to Buffalo were two of the most important shipments from the Electric works this morning. The company is putting in a plant at Tiffin.

Recently prepared statistics show that since 1896 there has been an increase in motive power on the roads of the country of 8 per cent. and of freight cars 14 per cent., while the tonnage of freight has increased 43 per cent.

Nickel Plate engine 92, with Engineer O. L. Shoaff at the throttle, backed into engine 63 at the cinder pit in Bellevue yesterday. The tender of the 92 was damaged and the pilot of the 63 was crushed in. Both engines will be out of service for a few days.

Frank Fox, general foreman of the Allegheny shops of the Pennsylvania, left for his home today. He came here to attend the conclave and at its close looked after some railway business. Mr. Fox was employed in the shops in this city for a number of years.

W. H. H. Scrivens, division superintendent of the Pennsylvania, with headquarters at Cleveland, has been called to Baltimore by General Manager G. L. Potter, and an impression prevails that the former will join the ranks of the Baltimore and Ohio operating officials.

M. C. Wright, who is taking the third term in DePauw university and preparing for the ministry, has been honored by being elected president of the college Y. M. C. A. Mr. Wright is a machinist by trade and was employed at the Wabash shops in that capacity for a number of years.

James V. Wilkins has completed forty-eight years of service on the Chicago, Milwaukee and St. Paul road. When he entered the employ of the company A. J. Earling, now president, was a telegraph operator on the road, and James J. Hill, third vice president and director of traffic, was selling newspapers at Madison.

The employes in the Pittsburg lumber yards discovered a swallow's nest attached to one of the iron sills of the steel underframe of a flat car this morning. The car came from Columbia City last night, loaded with lumber. It was probably at the mills in Columbia City several days and during that time the birds built their nest. The location is regarded extraordinary.

R. C. Chase is now employed at the Fort Wayne Electric works. He is still collector for the A. G. Porter lodge, Brotherhood of Locomotive Firemen, and for the convenience of the members he has arranged to receive dues at the Hoham drug store, on Calhoun street, and the Hutzell drug store, on West Main street, at all hours of the day.

An impression prevails in railroad and real estate circles of New York that the Erie company is anxious to get into Manhattan in order to be on a par with the New York Central and the Pennsylvania when its tunnel project has been completed. The opinion is held that if everything in this direction is accomplished the entrance of the Erie to Manhattan will be through a tunnel from Jersey City.

One week from next Sunday the Wabash will furnish a special train to the Knights of Columbus at Logansport and intermediate points who wish to come to this city on that date to witness the conferring of the third degree upon a number of candidates. The agents at the several stations say that indications point to a big crowd from each. On the following Thursday, April 30, the company will run a special train to Defiance on account of a meeting of the Order of Eagles.

All matters in dispute between the officials of the Northern Pacific Railway company and the conductors and the trainmen have been settled to the satisfaction of both officials and men, and the negotiations, which began early in January, are now ended. The men will get an advance of 15 per cent. for freight conductors and trainmen, and 12 per cent. for passenger conductors and trainmen. The increase in pay will affect about 1,400 men, scattered between St. Paul and Duluth and the Pacific coast.

IS THE PLACE TO BUY YOUR MILLINERY

for a number of reasons, but principally because you are sure of getting the very latest style at the lowest price.

See that our name is in your hat, as every hat coming from our workroom is sure to have more style to it than THE SO CALLED PATTERN HATS, from some of the other stores.

New goods arriving daily and if you come every day of the week you will always see something you had not seen the previous day.

Our prices are the lowest for the material used.

THE WEATHER.

Chicago, April 17.—Forecast for Indiana: Fair tonight and Saturday; fresh easterly winds.

CITY BREVITIES.

Attorney T. J. Logan is at Indianapolis.

Attorney E. V. Harris returned last evening from a trip to Indianapolis.

Mrs. G. J. Gilbert, who has been quite ill at the home of her parents in Kendallville, is much improved.

The General Culture club held its meeting yesterday at the home of Mrs. B. F. Sarver, on West Williams street, the Shakesperean lesson being under the direction of Mrs. Sarver. Later Mrs. A. W. Line gave an excellent reading of Riley's "My Philosophy," which was highly appreciated. The club will hold its meeting next Thursday at the home of Isabel Bradley.

MORE EXAMINATIONS.

April 20 will bring thirty-seven applicants to this city for the regular spring civil service examination for places in the government service as stenographers, typewriters, taggers, etc. On the following day a class of eleven will take examinations for places as civil engineer, assistant examiner in the patent office, meat inspector, teacher in the Indian service and kindred places.

OPEN CITY HEADQUARTERS.

The republican city central committee last evening opened headquarters in the third floor of the Tri-State building, above the Western Union telegraph offices, and the inaugural occasion was a meeting of the city central committee and the candidates. Plans for the campaign were discussed. Chairman Harris presided at the meeting.

If It's a Question

Of dollars and cents you should come to us.

The question no doubt often presents itself to you, "How am I going to meet that obligation that comes due tomorrow?"

Sometimes that question becomes so large to you that you can not set it aside. Come to us; we will remove that question for you and you will hardly realize how easily it is done.

All you need is household goods, a salaried position, or something of value. Business strictly confidential.

We make payment due weekly, monthly or quarterly or as you may desire.

Here are some of the terms of our new weekly payment plan, allowing you fifty weeks in which to pay off your loan:

$ .60 is a weekly payment on a $25.00 loan.
$1.20 is a weekly payment on a $50.00 loan.
$2.40 is a weekly payment on a $100.00 loan.

You can get any other amount for the same time at the same proportion. Call on us when you need money.

Application by mail or phone will receive our prompt attention.

Our "NO-SAG CURTAIN STRETCHER" is just what the name implies. Guaranteed not to sag and leave your curtains all awry and out of shape after drying. It's suitable for lace curtains or any other style; also for drying comforters and quilts, the pins being rust proof they cannot damage the fabric. The "No-Sag" is both simple and effective. Place the stretcher on your lawn, mount your curtains after washing and the sun will do the rest. The price is $1.50. We have many other house furnishing devices that prove just as convenient. We aim to carry everything that is in demand. If we haven't got it, tell us and we'll get it for you. We're in the business to accommodate you. You can't trouble us.
